#### Submission for OMB Review, Comment Request

**ACTION:** Notice and request for comments.

**SUMMARY:** The Department of the Treasury, on behalf of itself and the United States Bureau of Engraving and Printing (BEP) and as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to comment on a new proposed information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)). The BEP has requested and received approval for a generic clearance to conduct conference studies and focus groups. This generic clearance has allowed the BEP to collect information from attendees of conferences and gatherings for persons who are blind and visually impaired about which tactile features most effectively provide meaningful access to denominate United States paper currency. BEP is now considering a series of scientific studies that will help gauge the acuity with which blind and visually impaired persons can denominate United States paper currency using various tactile features currently being evaluated. BEP has previously conducted an approved acuity study under OMB control number 1520-0010. , Given the results of the first study and the information collected pursuant to the generic clearance, BEP now requests a second stand-alone clearance for a series of more focused scientific studies.

**DATES:** Written comments should be received on or before [INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER] to be assured of consideration.

**ADDRESSES:** Comments regarding these information collections should be addressed to the

**SUPPLEMENTARY INFORMATION:**

*Title:* Study for Meaningful Access Determination

*OMB Control Number:* NEW

*Abstract:* A court order was issued in *American Council of the Blind v. Paulson*, 591 F. Supp. 2d 1 (D.D.C. 2008) (“*ACB v. Paulson*”) requiring the Department of the Treasury and BEP to “provide meaningful access to United States currency for blind and other visually impaired persons, which steps shall be completed, in connection with each denomination of currency, not later than the date when a redesign of that denomination is next approved by the Secretary of the Treasury . . . .”

In compliance with the court’s order, BEP intends to meet with blind and visually impaired persons and request their feedback about tactile features that BEP is considering for possible incorporation into the next U.S. paper currency redesign.

The BEP intends to contract with a specialist in the field of tactile acuity to conduct scientific tests. The specialist contracted with by the BEP will conduct acuity testing with select groups of blind and visually impaired volunteers. The acuity tests will help either confirm or provide other perspectives on the results of BEP’s information collections at national conferences and conventions. The acuity tests will also help

provide a scientific basis on which BEP determines the tactile feature to be incorporated into the next United States paper currency design.
